#### Shri Aainath Interiors and Contractor

2 years of experience

Led a team of 20 workers, providing guidance and supervision on project objectives, safety protocols, and quality standards.

- Coordinated effectively with architects and clients to ensure project requirements were met, and maintained open communication channels to address any issues or changes promptly.
- Managed project timelines and resources, resulting in the successful completion of projects within deadlines and budget constraints.
- Implemented safety measures and quality control processes, resulting in zero workplace accidents and high customer satisfaction.
- Resolved on-site issues and conflicts promptly, ensuring a harmonious and productive work environment.

### Government Job Pursuit

#### Government Job Pursuit

1.5 years of preparation and application

-Demonstrated dedication and commitment in the pursuit of a government job with the Rajasthan government, even though not selected.

## PROJECTS

### Events management system

Duration - 3 Months.

Languages used:

Front end :- HTML, CSS, JAVASCRIPT.

Created a event management system is a online website which serving as a client interface that reduces time and efforts to find event organisers on Internet.

User can search for events organisers and choose accordingly to user requirements and also get book that organiser. It reduces efforts and time of user

**In this system both user and client are get verified and get authenticate.**

We also developed new admin interface which improves internal operations and there efficiency
